

TALKING TOGETHER

OUR ENGAGEMENT HISTORY

This is a conversation about how governments and Yukoners talk together in ways that make us stronger, more accountable, transparent and responsive to each other. It's about talking to citizens, stakeholders and communities about how we interact with them.

Here's a short history of how we've been engaging with you since January 2016.

RESPONSES AND TOPICS

WE'VE RECEIVED MORE THAN
12,000
